- Tim neemt volgende keer taart mee

**Done:**

Json Databases

Circuits

Transfer/Buy Drivers

CSS styling on interface

**Ideas:**

Change Github so you cant merge when checkstyle failes (Make master protected & forced review + CI)

**Todo:**

- Race runnen
  - Formules implementeren
  - Results
  - Global scoreboard
- Team selecteren
  - Drivers kopen
  - Alles veranderen/upgraden
- AI
  - Team members overkopen
  - Team samenstellen
- Start scherm
  - Save game
    - To json methods in klassen (research gson)
  - Load game
  - JSON inlezen
